Halotherapy is a 100% natural and drug-free treatment. It can be used as a complementary treatment to prescribed medications or as a stand alone therapy. When used as a complementary therapy, it may increase the effectiveness of prescribed medications and decrease the amount needed.

Although studies conducted outside of the USA do indicate that Halotherapy appears to have health benefits as an addition to more traditional forms of medicine, Salt MedSpa does not claim to be a replacement for medication or any medical treatment of any kind. Only your physician can best advise you on matters of your health. Research supporting the use of Halotherapy has not been evaluated by the FDA.

As a client of Salt MedSpa, LLC, I have requested Halotherapy. I understand the nature of Halotherapy, the potential benefits, risks, and consequences have been explained to me and all of my questions have been answered to my satisfaction.

I hereby acknowledge the unproven and unconventional nature of Halotherapy and have requested the therapy notwithstanding.

I am satisfied and understand the information provided as I acknowledge that Salt MedSpa, LLC takes no responsibility for clients choosing to treat themselves by means of Halotherapy, which has not been evaluated by the FDA, and is not intended to diagnose, treat, cure or prevent any disease.

I understand that for all my concerns, it is my responsibility to consult an appropriate licensed healthcare practitioner. I further release Salt MedSpa, LLC from any legal ramifications should injury, death, or illness occur as a result of Halotherapy.

Lockers have been provided for your convenience, SMS is not responsible for personal items.

I have read Salt MedSpa's Halotherapy Etiquette information and agree to adhere to these policies.
